**DEFEXPO India 2018 - Showcasing 'India: The Emerging Defence Manufacturing Hub'
(11-14 April, 2018, Chennai)**

The Ministry of Defence, Government of India is hosting the 10th International Land, Naval, Internal Homeland Security and Defence System Exposition "DEFEXPO INDIA 2018" at Chennai, India from 11-14 April 2018.

DefExpo India has become one of the largest events of its kind in the world for the last 10 years. DefExpo 2018 will project India's Defence manufacturing to the world and will brand India as a defence exporter of several defence systems and components for all three Services - Army, Navy and Air Force. While showcasing strengths of India's substantial public sector, it will also uncover India's growing private industry and spreading MSME base for components and sub-systems. The Expo will promote aero-components industry and domestic design & manufacturing capabilities of Indian navy. DefExpo will be a perfect stage to unfold the might of India's shipbuilding capabilities and showcase its small arms manufacturing as well as missile and rocket manufacturing capabilities.

The 9th edition of Defexpo India, held in March 2016, recorded an unprecedented growth in foreign as well as domestic companies participation over its previous editions. An impressive 232 foreign companies from 32 countries participated in the show along with 15 country pavilions.

Defexpo India is clearly steering the path of steady growth and has been receiving overwhelming and unprecedented international response with each edition. As in the past editions, a Serbian delegation will be participating in DEFEXPO India 2018 to show their capabilities and integrate with the global supply chain of defence manufacturing. Serbia is India's reliable partner for Transfer of Technology for joint upgrading and production of certain equipment, ammunition & explosives.

Place: Belgrade

Date: April 05, 2018
