2. Development Partnership

India has been supporting Ghana's development by providing assistance in developmental projects through concessional lines of credit (LoC) and grants. (In the past Ghana was one of the nine West African countries under the India's TEAM 9 initiative launched in 2004). Till date, India has extended about **US\$ 450 million** of concessional credit and grants to Ghana for various projects. Amongst them are: Rural Electrification Project (2003), India-Ghana Kofi Annan Centre of Excellence for ICT (2003); Jubilee House Presidential Complex (2008); Komenda Sugar Plant (2016) and Elmina Fish Processing Plant (2016). Foreign Service Training Institute constructed with partial funding of US\$ 5 million LoC has been completed and handed over to the Foreign Office in March 2023.

Grant assistance of US\$ 1 million was provided to upgrade the India-Ghana Kofi Annan ICT Centre in 2016. Another grant of US\$ 1 million was provided to rehabilitate the Jubilee House Presidential Complex in 2017.

In addition to LoCs, India extended Buyers' Credit of US\$ 398.33 million for the Tema-Akosombo railway line in November 2016 and an additional US\$ 48.84 million for extension of the track to Mpakadan. On 22 November 2024, President Akufo-Addo inaugurated the Tema-Mpakadan Standard Gauge Railway Line (SGRL) and Diesel Multiple Unit trains (DMU) in Accra. The US\$ 447 million and 97.7-kilometre railway line project including a 300-metre bridge over the Volta River, is funded under Buyers' Credit of Exim Bank of India. The project is the first section of Ghana-Burkina Faso inter-connectivity project connecting Tema, Ghana's key port city, to Mpakadan, aimed at strengthening links with neighbouring countries.

Other loans extended under Buyer's Credit are US\$ 158.62 for the Tamale-Walewale Road Project and US\$ 24.98 for establishment of Assembly Plant for agricultural machinery.

Capacity building is a strong pillar of bilateral cooperation. Ghana has benefited from India's assistance in human resource development through the optimum utilization of ITEC and ICCR scholarships and specialized training programmes conducted under India Africa Forum Summit decisions. During the State visit of Hon'ble PM Modi to Ghana, slots for ITEC courses were increased to 300 and ICCR scholarships were doubled from 35 to 70 per year. Education Fair was held by TIES Global in collaboration with the Periyar Foundation (PAF), supported by HCI Accra, at Kumasi on 08 February 2024 and in Accra on 09 February 2024. 10 prestigious Indian universities and students from 15 Ghanaian schools participated in the fair. The High Commission of India in Ghana, in collaboration with Ties Global, hosted the "Study in India Fair" in Kumasi and Accra on 22 April 2025 and 23 April 2025 respectively. Various Indian universities engaged prospective students to study in India.

Ghana has also been a beneficiary of the Pan African E-Network, now called e-VBAB [e-Vidya Bharati (tele education) & e-Arogya Bharati (tele medicine)] Project. An MoU was signed between Ghana and TCIL on 26 August 2019 for participation by Ghana in the e-VBAB project to provide good quality, affordable and effective tele-education and tele-medicine services through specially developed web-based platforms. A state-of-the-art Learning Center has been established and maintained at Kwame Nkrumah University of Science and Technology (KNUST), Kumasi at a cost of USD 0.1 million under e-VBAB project by the Government of India. The Centre was inaugurated on 13 December 2021 by Hon. Mr. Simon Mensah, Regional Minister of Ashanti Region. The students facing internet connectivity issues at their homes are open to avail benefits of Learning Centre for their studies and for giving online examinations. Ghana was the pilot country to roll out the project implemented in 2020. Over 1600 scholarships have been offered to the students of Ghana mostly specializing in professional degree programme.

Humanitarian assistance during Covid-19 pandemic: Indian assistance of 50,000 vaccines as gift grant was handed to Ghana on 5 March 2021. Earlier Ghana received 600,000 Made in India Covishield vaccines on 24 February 2021 as part of Covax initiative. Subsequently, on 11 May 2022, one million Made in India Covishield vaccines were received by Ghana under Covax.

C. Commercial:

India is among the top trading partners of Ghana and is the largest destination for Ghanaian exports. Ghana has a positive trade balance with India, mainly due to huge imports of gold by India which accounts for over 70% of total imports from Ghana.
