

India- Lebanon Bilateral Relations

The year 2025 marks the 71st year of establishment of diplomatic relations between India and Lebanon. India and Lebanon have historically enjoyed close and friendly relations. India established diplomatic relations with Lebanon in 1954. Shared commonalities include, besides cultural similarities, a democratic, parliamentary system of government based on a written constitution, basic freedoms and human rights; a market economy moving towards greater liberalization; a large pool of educated English- speaking professionals and entrepreneurs; and a vibrant global diaspora.

The fact that India kept its Embassy in Beirut open and functioning throughout the civil war from 1975 to 1990 in contrast to the Embassies of a large number of other countries, is greatly appreciated by the Lebanese, together with India's traditionally strong linkages with the Arab world and our steadfast support for the Palestine cause. Both countries have also cooperated closely on various issues of mutual interest during their overlap in 2010 as non-permanent members of the UN Security Council.

Indian Community:

There are around 2000 Indian community members in Lebanon including about 850 Indian nationals working in the new US Chancery Building Project. Rest are employed as workers in companies, construction sector, agricultural farms, etc. They are in North Beirut and Northern Lebanon. The Embassy attaches highest priority to reaching out to the Indian community in an earnest, active, helpful and broad-based manner, and in ensuring their well being and welfare. In light of Covid- 19 pandemic and the travel restrictions, the Embassy facilitated three special community charter flights under Vande Bharat Mission for repatriating Indian nationals between June- August 2020. During the 14- month Hezbollah- Israel from October 2023 to November 2024, the Embassy remained in close touch with the Indian diaspora to ensure their safety and security.

Indian Battalion [INDBATT] in UNIFIL:

India's participation at UNIFIL, with deployment of an Indian Army Battalion of about 900 personnel to perform peacekeeping duties in South Lebanon, has completed 26 years in November 2024. Indian Army personnel (INDBATT) have been deployed in the United Nations Interim Force in Lebanon (UNIFIL) since November, 1998. The INDBATT contingent currently consists of 900 personnel. With their utmost professionalism, INDBATT personnel are highly regarded for their sincere outreach to the local community and they have been able to win hearts and minds of the local community. Number of projects have been undertaken by the battalion in southern Lebanon.

Upon transfer of authority, Col Ajit Negi of 7 Madras Infantry Battalion passed on the Baton of the Indian Battalion UNIFIL to Col N Gladstone of 4 Grenadiers Infantry Battalion on 4 July 2025.
